

The mission of Crayons2Calculators (C2C) is to enhance the educational and academic needs of students in Durham Public Schools by providing free school supplies to Durham Public School teachers. C2C facilitates the transfer of school supplies from donors directly to teachers in the Durham Public Schools. In the process, C2C advocates for strong public schools and makes teachers feel appreciated by showing visible public support. We improve the quality of education in Durham by giving students the tools they need to learn and teachers the resources they need to teach.

**C2C Commentary:** One of C2C's goals is to have a legitimate operational store open at least once a day for teacher's to shop. Since the beginning of the school year, C2C has been open EVERY Thursday! We are getting settled into our new location and are already thrilled with our ability to accept in-kind donations on pallets. This means more supplies into the hands of teachers and students in Durham!

**C2C Commentary:** C2C's second goal is to set up 200 teacher accounts so that teachers can shop for school supplies during the 2010-2011 school year. We ended the year with 240 teachers with accounts to use for shopping in the 2010-2011 school year. We look forward to adding more as the school year continues.
