

Pregnancy Support Services is a Christian ministry providing alternatives to abortion by supporting women facing the challenges of unplanned pregnancy, promoting sexual abstinence and offering post abortion recovery support.

PSS Commentary: In addition to the 33 babies born in the first quarter, there are 30 pregnant women and for whom PSS does not yet know the outcomes of their pregnancies. 107 women participated in the classes that PSS offers. PSS thinks that this number would have been higher had they not needed to cancel a class because no one showed up in spite of repeated reminder calls and notes.
