

TROSA (Triangle Residential Options for Substance Abusers, Inc.) is an innovative, multi-year residential program that enables substance abusers to be productive, recovering individuals by providing comprehensive treatment, work-based vocational training, education, and continuing care. Founded in 1994, TROSA is now the largest residential therapeutic community in North Carolina and is widely respected for its innovative therapeutic and entrepreneurial approach to the pervasive issue of substance abuse.

TROSA Commentary: We are on track for meeting our goals this year. Our graduates are doing well a year after graduation and we are working hard to keep our costs low while providing quality care. This is especially important because the economy has taken a toll on our Moving business and we are not able to raise as much revenue from Moving to cover program costs.

DurhamCares Commentary: We are pleased the TROSA has already achieved their goals. We hope that they continue to keep costs down and that their graduates continue to not relapse and avoid criminal convictions.
